DANVILLE, VA., June 6.—The costliest fire in the history of Danville broke out Sunday morning in the rear of Lee's Warehouse, on Bridge Street, the fames extending to the three adjoining factories, entailing a loss that will reach within the neighborhood of \$400,000 Of the burned buildings, Lee's Warehouse was owned by J. G. Penn and O. W. Duder, the factory adjoining the warehouse sy, the factory adjoining the warehouse in the east by B. Newgrass, of London, and the two factories on the west by the C. Williams estate, of Richmond.

T. C. Williams estate, of Richmond.

The American Tobacco Company was the lessee of all the buildings and used them as storage warehouses for leaf to-bacco. Nearly 4,600,000 pounds of leaf to-bacco stored in hogsheads were burned. The saving of the Reynolds factory was fur mostly to their own splendid water system and fire company. A system of sprinklers covers nearly the whole building, the water supply coming from a large tank situated just above the building.

All four of, the buildings burned were leased by the Danville branch of the American Tobacco Company and used as storeage avarehouses. There were from three and a half to three and three-quarters of a million pounds of leaf tobacco stored away in the buildings.

The tobacco was all grown in the old belt section and bought on the Danville market and was packed in hogsheads, there being between 3,500 to 3,750 of them. Nearly all of the tobacco was destroyed, there being, perhaps, somewhat over a hundred hogsheads in the upper Williams factory that were only partially damaged by water. The total loss of stock will aggregate between \$50,000 to \$550,000 making a grand total loss of between \$550,000. The Insurance on the building owned

The insurance on the burned properties, ith the exception of the building owned v. Newgrass, which is probably insured England, is \$304.500.

## Cancerous Ulcers ROOTED IN THE BLOOD.

After the age of 45 or 50, when the vital powers are naturally weaker, it is noticed that a hurt of any kind heals slowly, and often a very insignificant scratch or bruise becomes a bad ulcer or sore. At this time of life warty growths, moles and pimples that have been on the body almost from birth begin to inflame and fester, and before very long are large eating, sloughing ulcers,

June 6.—For the first time in my life I have had the privilege of attending a public, meeting called and controlled exclusively by ladies.

It was devoted to a cause of infinite dignity and importance, and managed with wonderful success to the best interests of humanity and the glory of Almighty God.

The meeting was held at Mobjack, Mathews county, and was called and controlled by the Woman's Foreign Missionary Society of the Ruppahannock District of the Virginia Methodist Conference, it commenced on Monday evening, May 19th, and continued until Thursday, June 1st. Large and deeply interested congregations were in attendance. Miss Fanny Robinson, of Lancaster county, was president, and Mrs. Covington, of the same county, was secretary.

I have long been familiar with the organization of public bodies from the State Legislatures and Congress to the great religious and political organizations of the country, but have never seen any in which the duties of presiding officer and secretary were more efficiently performed, and none in which they were performed as gracefully. Large and deeply interested congregations attended all of its meetings.

Many of the ministers came to "help the women," among them I remember Rev. Drs. Wray, Morse, Ferguson and Ware, the pastor, who delivered addresses of great power, which will be long remembered.

couple will leave for Portsmouth, their future home. They will, before settling down, take a tour to Florida. DELEGATES TO MEET.

The twoive delegates recently elected to the State convention, have been called to meet to-night at 8:30 c'clock in the office

of City Sergeant Saunders.

They will probably settle upon some concerted action to pursue at the convention. This delegation does not look upon the fight for members of the States committee as a fight for United States sena-torial preferences. In view of the fact that, Mr. Phil V. Cogbill will not be a candidate for membership on the com-mittee, it is quite likely that the South-side will benter upon Mr. W. B. Brad-ter with the committee of Coursell and a prominenley, member of Council, and a prominent ontractor.

contractor.

The meeting to-night will probably endorse Mr. Bradley without regard to his preference in the senatorial fight, and without regard to the preference of the individual members of the delegation. He is looked upon as a good Democrat, a fine business man and an honest politication.
